#### PHOTO BASEL

Brand new this year was **PHOTO BASEL**  
**[\[http://www.photo-basel.com/e\\_05\\_galleries.htm\]](http://www.photo-basel.com/e_05_galleries.htm)**  
. Set in *Ackermannshof*, a beautiful location in the old town of Basel along the Rhine, this exhibition was dedicated solely to photography.

Ten countries were represented in the galleries of this small venue. It was wonderful that the gallerists were approachable, explaining the photos and the stories behind them.
